High Literacy in Secondary English Language Arts 2008 the 4th edition of the handbook of research on educational communications and technology expands upon the previous

3 versions providing a comprehensive update on research pertaining to new and emerging educational technologies chapters that are no longer pertinent have been eliminated in this edition with most chapters being completely rewritten expanded and updated additionally new chapters pertaining to research methodologies in educational technology have been added due to expressed reader interest each chapter now contains an extensive literature review documenting and explaining the most recent outstanding research including major findings and methodologies employed the handbook authors continue to be international leaders in their respective fields the list is cross disciplinary by design and great effort was taken to invite authors outside of the traditional instructional design and technology community

Put Some Pants on That Kid (PARENT/TEACHER) 2015-01-05 the importance of social studies assessment is beyond question the national council of the social studies c3 framework recognizes the importance of high quality assessments its major objective a deep understanding of the sociocultural world has as its underpinning the idea that students must be able to investigate the world and that teachers much be able to assess their understanding of it however there is a comparative dearth of research that focuses on effective social studies assessment particularly with regard to the impact of teacher practice on the development of best practices such research is vital to moving social studies away from an emphasis on testing and more towards using assessment as a means of educating our students in best practices of social studies assessment we focus on an essential question what is an effective

assessment helping teachers develop practical creative curriculum appropriate strategies is essential especially in an era in which teachers are faced with the dilemma of creating inquiry based assessments in the midst of preexisting regimes of standardized summative assessments in this volume research conducted between university professors and working teachers is described focusing on innovative assessment practices these practices include role playing activities depicting historical events socratic seminars revolving around public policy issues collaborative student projects on a wide range of social inquiries including the implementation of un programs and the promotion of critical thinking and writing skills on subjects as diverse as school violence and the impact of imperialism these adaptive assessments highlight the essential role of the teacher in creating assessments that blend higher order critical thinking complex content knowledge and an understanding of their own students the strategies described in this volume focus on the ability of expert educators to acknowledge the structures power and consequences of high stakes testing regimes while simultaneously designing and sustaining classroom assessment methods that embody the social participatory nature of learning and reflect research on effective practice p 289 the volume also describes the shared characteristics of the teachers who created these assessments especially their emphasis on self reflection and student autonomy as well as their professional willingness to take on challenges associated with performance based assessments even in the face of institutional pressures and external demands
