story wendy mass new york times bestselling author of 11 birthdays what if your pencil had all the answers would you ace every test would you know what your teachers were thinking when ava anderson finds a scratched up pencil she doodles like she would with any other pencil but when she writes a question in the margin of her math quiz she hears a clear answer in a voice no one else seems to hear with the help of her friend sophie ava figures out that the pencil will answer factual questions only those with definite right or wrong answers but won t predict the future ava and sophie discover all kinds of uses for the pencil and ava s confidence grows with each answer but it s getting shorter with every sharpening and when the pencil reveals a scary truth about ava s family she realizes that sometimes the bravest people are the ones who live without all the answers this is a unique quiz game based on and licensed by scrabble the world s leading word game it is a fascinating concept using classic elements of scrabble gameplay in book form for the first time the rules like those of the board game can be understood in five minutes but the game itself will provide endless variety and fascination unlike the board game the official scrabble quiz game book can be carried anywhere and used easily the book is laid out in a series of double page spreads each left hand page shows a scrabble board and a list of the letters of the alphabet with their scrabble values each right hand page will have fifty questions or clues each of which must be answered within a time limit with a single word the players are allowed five minutes to study the questions and note down as many of the answers as possible each player selects a question from the list answers it and writes his or her answer on the page as in the board game the first player must start on the star square and each subsequent answer must use one or more letters of an existing answer on the board area and must be positioned crossword style each player tries to find a question that a he can answer and b will give him the highest score answers are provided in the back of the book any player may challenge another player s answer when the official answer has been checked the player either challenger or challenged who was wrong loses 10 points play continues until a all the questions have been answered b no one can answer any more questions or c no more words can be placed upon the board to ensure that play continues for as long as possible each quiz contains open questions questions that have more than one answer to unlock the game the questions vary enormously from general knowledge and theme questions history sports music literature etc to tests of vocabulary find synonyms antonyms definitions etc like the board ga hq trivia is the hottest game what you need to know know that the questions are hard and you need a study guide you won t be able to google the answers so you need to study what else do you need to know well that is how to play are your friends taking breaks at 3 p m and 9 p m every day to gather around an iphone they re probably playing hq a recent sensation on smartphones in which they play trivia for real money the rules are simple the host is personable and the lure of a real cash prize brings hundreds of thousands of people to the table what is hq trivia hq trivia is a live trivia app that you play for real money the game goes live at 3 p m and 9 p m est on weekdays and 9 p m est on weekends the game is hosted by comedian scott rogowsky though he occasionally has substitutes including british broadcast personality sharon carpenter what are the rules the game consists of 12 multiple choice trivia questions ranging from easy to devastatingly hard the latter have been labeled savage questions by the hosts you have roughly ten seconds to answer each question starting from when the host begins reading it hq s creators suggest this keeps the questions from being google able i ve found that they re right everyone who completes all 12 questions split the jackpot if no one wins it carries over to the next game how much money can i win when the game debuted in august jackpots were around 100 but they have since ballooned to regular games for 250 and now 1 000 every once in a while a game will go much higher including a recent set for a grand prize of 8 000 of course if you win you re likely splitting it with other winners you can cash out with a paypal account you mentioned iphones is there an android version right now hq trivia is only available on ios but it seems to be coming to android soon in a tweet the company suggested that android owners could see the game by time the holidays roll around how do i get extra lives while hq used to hand out extra lives now you seemingly only get them by referring friends give them your referral code which is identical to your username when they plug it in you ll get a second chance in your next game what s with all of the memes hq has a chat on the bottom and boy is it active i mean it s really something else if you find it annoying you can swipe it away but it s also the breeding ground for a bunch of weirdness chat is where fans started calling rogowsky quiz daddy and started continuously writing the phrases dink fam and fish squad worldwide neither of which i understand there s also a lot of horror in the chat too with people writing derogatory statements about all types of minority groups seemingly for no reason some people get banned but that hasn t stopped the behavior what is the q is it related you may have recently heard of a similar game the q which has received some buzz it s an hq clone with fewer players for now far less charismatic hosts poorer production values and a smaller prize pool usually 500 or less but it s on both ios and android so it planted a flag on the trivia app landscape on android before hq did if you ve noticed in uptick in coworkers and friends stopping dead in their tracks around 3pm est to stare intensely at their phones it s likely they ve fallen under the spell of hq trivia the live mobile game show app developed by the team behind vine and launched in late august draws hundreds of thousands of contestants multiple times a day to compete for a pot of actual cash to win you just need to answer 12 multiple choice trivia questions correctly within the time limit and a piece of the jackpot usually 1 000 per game but it s been as big as 8 500 is yours simple enough right wrong winning hq is hard as hell the book is a unique blend of intriguing questions and quizzes divided into various chapters such as numerals geometry and algebra defining the meaning of mathematics its various branches and usage explaining the different simple and complex mathematical terms and including the several theorems and laws to make the subject easier and interesting to the readers especially the young students each chapter is accompanied
